	Energy Charge:	Per kWh (¢)	12.8000¢															
	Buyback Rate:	Per kWh (¢)	3.5¢															
	TDU Delivery Charges:	Per Month (\$)	**															
		Per kWh (¢)	**															
**For updated TDU delivery charges go to ambitenergy.com/texas-tdu-charges																		
TDU Delivery Charges Per Month and TDU Delivery Charges Per kWh will be passed through to customer as billed from the Transmission and Distribution Utility (TDU).																		
Excess Energy is energy sent to the grid when your renewable energy system produces more electricity than your home uses in real-time. The TDU measures your Excess Energy through a bi-directional meter and sends us your meter read each billing cycle.																		
Buyback Credits are calculated by multiplying your Buyback Rate by your Excess Energy and can offset up to 100% of your Energy Charges each month (excluding base charge, TDU charges, and all other taxes and fees). Buyback Credits will be applied to your monthly bill when we receive a meter read from your TDU for your Excess Energy, which may take up to 3 full billing cycles for the first meter read if you have a new installation. Any unused credits will be banked and automatically applied to future bills to offset any remaining Energy Charges. You may accumulate up to \$500 in banked credits and keep them if you are enrolled on an eligible Ambit Energy solar buyback plan. Banked credits have no cash, credit, or other redemption value and are non-transferable.																		
Some cities have authorized a TDU Underground Facilities Cost Recovery or similar charges that are not included in the average price shown above. For more information about these charges, please go to ambitenergy.com/municipalfees.																		
Other Key Terms and Questions	Each month you will also be billed all taxes, including sales tax, and reimbursement for the state miscellaneous gross receipts tax as applicable. See Terms of Service statement for a full listing of fees, deposit policy and other terms.																	
Disclosure Chart	Type of Product		Fixed Rate															
	Contract Term		24 Months															
	Do I have a termination fee or any fees associated with terminating service?		Yes Early Cancellation Fee: \$199.00															
	Can my price change during the contract period?		Yes															
	If my price can change, how will it change, and by how much?		The price will not change during the term of this plan except to reflect actual changes in TDU charges; changes to the Electric Reliability Council of Texas or Texas Regional Entity administrative fees charged to loads; or changes resulting from federal, state or local laws that impose new or modified fees or costs that are outside our control.															
	What other fees may I be charged?		Please see the Pricing section of the Terms of Service for more information.															
	Is this a pre-pay or pay in advance product?		No															

	Does the REP purchase excess distributed renewable generation?	Yes, for homeowners who are enrolled on an eligible Ambit Energy solar buyback plan, and who have executed an Interconnection Agreement with their TDU. We reserve the right to reduce your buyback rate or revoke your eligibility for solar buyback credits following 45 days advance written notice.	
	Renewable Content	This product is 100% renewable.	
	The statewide average for renewable content is	37%
