Electricity Facts Label (EFL)
Southern Federal Power, LLC
Free Energy Lunch - 12
ONCOR
13-July-2026

Average Monthly Usage:	500 kWh	1000 kWh	2000 kWh
Average Price Per kWh:	13.6 ¢	13.2 ¢	12.9 ¢

Your monthly electric bill is the combined total of your Energy Charges, Monthly Base Charge (if applicable), and utility delivery charges. The average prices shown above are illustrative and are based on a 12-month usage profile assuming approximately 5% of total usage occurs during the 'Free Energy Lunch Hour'. Your average price will vary based on how and when electricity is used.

Free Energy Lunch Disclosure

This product includes one (1) hour of \$0 energy every day during lunch hour 12PM-1PM for the entire term.

Free Energy Lunch Hour Rate:	12PM-1PM Every Day	\$ 0.0000	<i>per kilo-Watt hour</i>
Fixed Energy Rate:	All Other Hours	\$ 0.069757	<i>per kilo-Watt hour</i>
Monthly Base Charge:		\$ 0.00	<i>per monthly bill cycle</i>
+ plus:			

**Utility Transmission Delivery &
Monthly Charges:**

Visit:

SouthernFederal.com/TDUCharges
for the most current TDU charges.

Note - Transmission and Distribution Utility (TDU) delivery charges apply to all electricity usage, including electricity used during the Free Lunch Hour. TDU charges are set by your local utility, are not determined by Southern Federal Power, and are passed through to customers without markup.

Transmission and Delivery Utility ("TDU") charges include all recurring charges passed through to the customer as billed by the TDU without markup and may change during your contract term.

Price per kWh = (Base Charge + (Standard Rate kWh × Standard Rate Energy Charge) + ('Free Energy Lunch Hour' kWh × 'Free Energy Lunch Hour' Energy Charge) + TDU Delivery Charges) ÷ Total Monthly kWh

If we receive incomplete interval data from your TDU, we may estimate your electricity usage for the missing periods based on your meter's historical consumption patterns. To do this, we will apply a multi-day average from recent interval data to estimate the missing usage, which will then be used to determine your monthly bill. If there is a discrepancy between the total monthly meter read and the sum of actual or estimated interval data, the difference will be allocated in accordance with your usage profile for that billing period.

If less than 50% of interval data is provided by the TDU or must be estimated, the usage difference between the total monthly meter read and the sum of actual or estimated interval data will be allocated with 5% applied to the 'Free Energy Lunch' charge and 95% to the Standard Energy Charge.

Your electric bill will vary based on your actual usage. This disclosure is an example based on average prices. This disclosure does not include local or state taxes, reimbursement of the state miscellaneous gross receipts tax, Public Regulatory Authority Assessment Tax, or other non-recurring amounts charged by your TDU or any government entity.

The average prices shown are based on an illustrative 12-month usage profile assuming approximately 5% of total usage occurs during the Free Energy Lunch Hour. Your average price may vary depending on how and when electricity is used.

See next page of this document for additional disclosures.

ELECTRICITY PRICE

OTHER KEY INFO, TERMS, AND QUESTIONS:

Some customers may be subject to other non-recurring charges that are not included in the total average price for electric service. The customer can determine the price and applicability of all non-recurring charges by visiting our full Terms of Service (TOS).

See your Terms of Service (TOS) for listing of any additional fees, deposit policies, & other terms.

DISCLOSURE CHART

Type of Product:	Fixed-rate electricity plan with a daily \$0 energy hour.
Contract Term:	12 Months.
Do I have an early termination fee or any fees associated with terminating services?	Yes. \$99
Where can I find the most recent transmission and delivery charges?	SouthernFederal.com/TDUCharges
Can my price change during the contract period?	Yes.
If my price can change, how will it change and by how much?	Your price may be different from the price in this EFL if there are changes in TDU charges; changes to the Electric Reliability Council of Texas or Texas Regional Entity administrative fees; or changes resulting from federal, state, or local laws that impose new or modified fees or costs that are beyond our control.
What other fees may I be charged?	Please see the PRICING FOR RESIDENTIAL SERVICE Section of your Terms of Service Agreement for detailed summary of all other charges and fees that may be included with this product as part of your agreement.
Is this a pre-pay product or pay in advance product?	No.
This product's renewable content:	6%
The statewide average for renewable content is:	33.3%
